EXPERIENCE

E-COMMERCE WEB APPLICATION — [LIVE SOURCE-CODE](#)

- Developed a **user-centric e-commerce site** for eyewear, enhancing user engagement with **OTP registration**, **intuitive search**, and **seamless navigation**.
- Integrated **diverse payment gateways** and **wallet functionality**, ensuring a smooth transactional experience with comprehensive **order tracking**.
- Launched a **dynamic coupon feature**, driving sales through strategic discounts and **user savings**.
- Created an **advanced admin panel** for efficient **user and order management**, **product updates**, **category management**, and **financial analytics**.

MINI PROJECTS

YOUTUBE VIDEO SUMMARIZER - [SOURCE-CODE](#) - [LIVE](#)

- Developed a web application that generates concise and informative **summaries of any YouTube video** using **React**, **TypeScript**, and **Tailwind CSS**, a **time saving project** that enhances productivity and convenience for video content consumers.

USER MANAGEMENT PORTAL — [SOURCE-CODE](#)

- Developed a robust platform using **React**, **Node.js**, **Express.js**, and **MongoDB**. Features **JWT authentication**, admin controls for user account management, including block/unblock functions, and enhanced **search capabilities** for efficient user data retrieval.

WITTALK - AI CHATBOT - [SOURCE-CODE](#)

- It is an AI chatbot built using **Google's Gemini AI model**. It leverages the power of Gemini's API services to provide users with an engaging and informative conversation experience.

OLX-INSPIRED WEB APP - [SOURCE-CODE](#)

- Using React for UI and **Firebase** for backend. Users can create accounts, list products with details and images, browse listings, and search for items.

OTT PLATFORM WEB APP- [SOURCE-CODE](#)

- Using **React**. Integrates with an **API** to display latest movies based on user (Joner) preferences and **automatically showcases trailers** on the banner

NPM MODULE - BLOGSPEAK — [MODULE](#)

- This module facilitates **audio-based blog** and article consumption, thereby enhancing website accessibility.
